Louise will teach you the professional way to sew the details in various sections of a garment. It is the details that tell the story in fashion sewing, and a foolproof system for creating them can easily be yours. Sewing all day, you'll execute each technique and create a workbook of samples.

■ Create the best-looking collar band, sewn completely by machine and sleeve placket that is inserted into a two-piece sleeve. ■ Learn an easy way to create a tab front on a shirt - clean finished inside and out. ■ Sew a 'cool' collar with foolproof corner edge stitching, ■ try a balanced couture double-ended designer dart, ■ a rolled designer couture hem, ■ and much more. These are all the elements necessary for great garments and efficient time in your home studio.

■ Gain complete confidence in your abilities, both technical and artistic, for all parts of your garment.

■ Discover notions and feet that help you become unerringly accurate, ■ learn trimming and shaping secrets for smooth, bulk free corners and curves. ■ Bonus: discussions that take place throughout the day will add to your sewing ambitions and fashion sense.

### ABOUT LOUISE

Louise Cutting is a contributing editor to Threads magazine and frequent lecturer at sewing conferences and expositions throughout the U.S. Previously, Louise was the Department Head for the Fashion Merchandising and Design program at The Art Institute of Fort Lauderdale and Prospect Hall College. She taught Interior Design at Mary Mount College.

Louise started her 'Cutting Line Designs' Pattern Company 12 years ago. She creates the envelope illustrations, designs and drafts the patterns, and illustrates the step-by-step instructions and text. Her collection includes 15 patterns, the most popular being the 'One Seam Pants©' which has sold 42,000 patterns to date.
